### INVITATION

We are pleased to invite you to take part in the International Educational Exhibition «World Edu 2024». The exhibition will be held on February 28-29, 2024 at the International Exhibition Center «SOF EXPO Samarkand».

The «WORLD EDU 2024» exhibition provides an excellent opportunity to meet with applicants, talk about the education policy in higher education institutions in your country, and share the most useful information about specialties and courses.

Leading universities from the Republic of Uzbekistan, the Republic of Kazakhstan, China, the Russian Federation, the Republic of Belarus and Europe will take part in the exhibition.

The goal of our project is to help the youth of the Republic of Uzbekistan expand their understanding of the possibilities of studying abroad, as well as help applicants take advantage of the chance to apply for study directly.

We will be very glad to see you and representatives of educational institutions in your country at our event.

**Sincerely,  
Director of
